FAQ's:

Will a UK 0800 number increase the number of enquiries I receive?

Yes because it is free for the caller to contact you.

How much do 0800 freephone numbers cost?

£5 + VAT - one time set up fee, £5 + VAT monthly rental charge and 4 pence + VAT per minute for receiving calls at any time. We use per second billing - your calls are NOT rounded up to the nearest minute.

How do UK 0800 phone numbers work?

An 0800 number is "pointed" at your landline. You can ask us to change where the 0800 number is pointed to which we will do at no charge. We bill you every month. The bills are by the second - we don't round up to the nearest penny.

I am in and out all the time. Can I divert my 0800 free phone number?

Your 0800 number will automatically follow any diverts set up on your landline. For example if you routinely divert incoming calls to your mobile when you leave your office then inbound calls to your landline made on your 0800 number will follow the divert to your mobile.

Can anyone call my 0800 number from anywhere in the UK?

Yes.

Are you a reliable company?

We have been established for over 20 years and have been awarded the Investors in People standard. We are also members of the Lincolnshire Chamber of Commerce.

How soon will the number be connected?

We can assign you a UK 0800 number immediately over the phone or you can [view our selection](#) of 0800 numbers and [buy online](#). Either way your number is usually connected within 24 hours.

Can you get me a memorable UK 0800 number?

Yes. Please ring us for our latest memorable 0800 numbers.

You can order a UK 0800 number online if you want to but we are happy to take orders over the phone - we appreciate you might have a lot of questions and want to make sure you are making the right decision.
